### Research milestone summary

Please propose milestones for assessment of the progress of the study. The proposed milestones will be subjected to review by a post-award committee at the end of each FY for the period of grant awarded.

For each specific milestone, the "start month" refers to the number of months from the month of the letter of award.

For e.g. if the letter of award was issued in June, the proposed milestone (production of antibodies) is planned to start in December (i.e 6 months from June) with a duration of 12 months, thus the milestone will be indicated as follow:
