Apply proposal

All information is treated in confidence. The information in this application is furnished to the funding agency, with the understanding that it shall be used or disclosed for evaluation, reference and reporting purposes. All information provided in this application must be true. False particulars or wilful suppression of material facts will render the applicant liable to disqualifications, or, if awarded, to withdrawal and/or appropriate legal proceedings.

Please choose the application category, whether the proposal is a new submission, resubmission of application, or renewal of project.

- (•) New Submission
  The proposal is a new application which was not submitted or rejected previously.

  * Title of research project

- ( ) Renewal Application
  The proposal is an extension of previous approved project, with additional funding.

- ( ) Resubmission of Application
  The proposal is a resubmission of an application rejected in previous calls.

In acknowledging this Grant Application, the Lead Principal Investigator [on behalf of the Team Principal Investigator(s), Co-Investigator(s) and/or Collaborator(s)] UNDERTAKE, on any Grant Award to:

- Declare that all information is accurate and true.
- Ensure that approval from the funding agency has been obtained before engaging in any commercial activity that will exploit the finds of the research funded by the funding agency
- Read, support and agree to this proposal being carried out in the Institution(s)
- Be actively engaged in the execution of the research and ensure that the study complies with all laws, rules and regulations pertaining to animal and human ethics, including the Singapore Good Clinical Practice Guidelines
- Not send similar versions or part(s) of this proposal to other agencies for funding.
- For Biomedical Science proposal, submit supporting documents of ethics approval obtained from the relevant Institutional Review Board (IRB) and Animal Ethics Committee for studies involving human subjects/human tissues or cells, and animal/animal tissues or cells respectively.
- Ensure that all necessary licenses and approvals have been obtained or are being sought
- Ensure that funding agency is acknowledged in all publications.
- Ensure that all publications arising from the research is deposited in the Institution's open access repository (or any other institutional/subject open access repository), in accordance to the Institution's open access policy.
- Ensure that the requested equipment/resources are not funded by another agency or research proposal.
- Ensure that there is a reasonable effort in accessing available equipment/resources within the Institution(s) or elsewhere within Singapore.
- Ensure that there is no financial conflict of interest
- Adhere to the funding agency's Grants Terms & Conditions (T&Cs) and Funding Guidelines, as well as all other applicable guidelines, policies and procedures adopted by the funding agency, which may be amended or varied from time to time;
- Comply with the provisions of any relevant laws of the Republic of Singapore, statutes, regulations, by-laws, rules, guidelines and requirements applicable to it; and
- Agree to hold primary responsibility for the responsible conduct of research, and shall abide and comply with the ethical, legal and professional standards relevant to research, in accordance to the research integrity policy of the Institution(s).

We declare that the facts stated in this application and the accompanying information are true. This is an original and latest version of the proposal. We also declare that no other versions of this proposal (or parts thereof) with similar objectives, scope, deliverables or outcomes have been or will be submitted to any other funding bodies.
